

## La Yegua 2021

GODELLO – DOÑA BLANCA  
Dry White Wine fermented in barrel.  
D.O. Bierzo.  
Limited production of 7.333 bottles.

### The Grape

Blend in equal parts of Godello and Doña Blanca from different plots on the slopes of the Aquilianos Mountains.

Godello comes from 2 contrasting vineyards: Viña de Jaime in the lower part of the village Campo at an altitude of 550m and Viña de Alfredo in the top of the village of San Lorenzo del Bierzo at an altitude of 650m. The first plot offers us a cooler Godello and the second a more powerful Godello.

Viticulture on espalier, planting of 2.5 x 1.0 in Viña de Jaime and 1.5 x 1.0 in Viña de Alfredo, without herbicides or any chemical fungicides. Clay-loam soils, Viña de Jaime is flat with deep soils, Viña de Alfredo with a good slope (between 5 and 10%) with Northeast orientation.

Doña Blanca comes from 4 very old vines planted between 1901 and 1910 (in “complantation” with Mencia) in the village of San Lorenzo del Bierzo: La Calleja (1901), Lombano (1901), Las Tablas (1910) and El Corzo (1910).

Bush vines (“gobelet”) planted at 1.9 x 1.7m, without herbicides or any chemical fungicides. Clay-loam soils with various orientations (from Northeast to Southwest), with moderate (about 5%) to significant gradient (more than 10%) at an average altitude of 600m.

### Winemaking

Hand harvested in bins of 15 kg.  
Selection process.  
Destemmed and pressed in pneumatic press.  
Spontaneous natural fermentation in french oak and accacia semi-new barrels of 228L and 500L.  
Blend of the juice of the 2 varieties in fermentation (cofermentation in barrels).

### Ageing

Aged for 12 months with its lees and “batonnage” in the same barrels.

### The Wine

Bright yellow colour.  
Intense, fresh and very elegant nose where white fruits and citrus dominates with spicy notes and fine touches of wood.  
Dense and vibrant mouth, with its fresh aromas and great final acidity.  
Harmony, freshness and elegance define this original white wine.
